## REGISTRATION PROCESS

For all attendees joining us at The Hub we will require a basic care plan and some personal information, for example next of kin contact details, likes/dislikes, known allergies, along with a brief description of your physical health. This helps us to ensure you, or your loved one's needs are being met effectively.

\*\*Please note that if you're intending to book our hourly day care service please do call ahead as we will still require some information for our records.

## MEALS AND REFRESHMENTS

When attending The Hub for a full days care, you will be provided with a hot meal and refreshments throughout the day.

Because we want you to get the most out of your day with us all our hot meals are provided by our partner, COOK. Their award-winning, hand-prepared meals are delicious and nutritious and you'll be able to choose from a weekly menu of five dishes, all served with locally-sourced vegetables and potatoes.

Desserts will be made on the day with the help of the people using the service as we're very keen to get everyone involved where possible.

Throughout the day there will be a choice of barista coffees, teas, and soft drinks.
